

Greetings,

Returning Member Registration is now online for the new season. No more paper application renewals to be mailed. Please follow the instructions below/attached to create your profile while registering and paying for your membership and submitting your volunteer interest form. Your lawn bowling member application is only considered complete when you have submitted the **member application and volunteer interest form online** and when you have **submitted your payment**. If you need assistance registering online, please reach out to Mark.Mathwig@outlook.com

This new application will soon become your lawn bowling hub to register for tournaments and will include a host of other new and fun features that are currently being developed. This application is **only open for returning members** right now. Please **DO NOT** forward registration info to potential new members yet.

Please note that while registering you may still encounter small issues which we will try to fix right away. If you are having problems with the usability or are running into errors please click the [contact us](#) form at the bottom of your screen or paste this link https://app.milwaukeeelawnbowls.com/contact_us into your browser, describe the issue and submit.

Please keep in mind this new registration application is simply a starting point. There may be some bumps along the way. And there will be much more to come so please plan to return to your account frequently throughout the season ahead!

Please scroll to page 2 below for registration instructions.
